

Licence to drive a heavy rigid vehicle

Heavy Rigid Licence

This course is designed to cover the skills and knowledge required to obtain a licence to drive a heavy rigid vehicle. Skills covered are controlling the vehicle, monitoring road conditions, following road rules and managing hazardous situations. Additional skills include communication skills to work with others and skill in reading instructions, procedures and signs. This course meets the DPTI licence requirements and regulations for heavy rigid vehicle training.

ENTRY REQUIREMENTS

Students must have held their Class "C" licence for two years to complete this class of licence. Applicants must be physically fit – should the applicant have identified medical issues that may prevent them from driving this class of licence, an approval to gain a heavy vehicle licence from the Licencing Regulator is also required.

COURSE HIGHLIGHTS

- Gain operating principles and methods
- Enhanced career prospects
- Pre-operation vehicle inspections and checks
- Identify hazards and implement safe driving skills
- Effectively restrain load safely

The student's tuition fees are as published and are subject to change given individual circumstances.
